### EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 20, the primary reason for allowance is that the prior art fails to teach or reasonably suggest that the predetermined transmission allowance condition includes a condition when a remaining time for transmitting said photo images is shorter than a predetermined time, in a case where a cost for a transmission is calculated based on unit communication time.

Art Unit: 2622

As for claims 6 and 25, the primary reason for allowance is that the prior art fails to teach or reasonably suggest that the predetermined transmission allowance condition includes a condition when a cost for transmitting the photo images calculated by the data amount-obtaining section is within a predetermined range.

As for claims 43 and 51, the primary reason for allowance is that the prior art fails to teach or reasonably suggest that the at least one transmission allowance condition other than the completion of photography includes a time duration required for transmitting said photo images being at or above a predetermined time duration level.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
